

GRAZING MANAGEMENT (CSP Enhancements)

April 2005

Enhancement Activity Task Sheet #1

WV-CSPEGM-TS

Clients Name:

Worksheet 1 - Rotating Livestock Through an 8 Paddock System

Payment = \$5/ac. /yr. for managing a livestock grazing system by rotating livestock through a minimum of 8 paddocks for the whole grazing season.

A system of 8 or more paddocks is designated by the use of permanent or portable fence. Adequate watering facilities are available to meet livestock daily use. Livestock are moved every 18-24 days April 20- June 30 and every 36-44 days July 1-Sept 30 to a new paddock to maintain a minimum grass height of at least 3 inches. (Note: This activity is not to be combined with the 2 day rotation payment)

Attach field worksheets, map of paddock locations and other documentation.

Pasture Name/Number	Pasture Acreage	Livestock Type	No. Head	Date Moved into Paddock	Date Moved Out of Paddock	Number of Days in Paddock	Minimum Grass Height (Inches)
Hill Pasture Paddock #1	20	Pairs <i>Example</i>	35	4/20/05	5/08/05	18	3-4

Managed Grazing Certification

I certify that I have managed grazing of a 8 paddock pasture grazing system as indicated on the table above.
